Getty Copper to Acquire 1390120 B.C. Ltd. and Complete \$12 Million Equity Financing

Charles Funk to Join Board to Accelerate Highland Valley Copper Properties

August 6, 2025 – Getty Copper Inc. (“**Getty**”) (TSX-V: GTC) is pleased to announce that it has entered into a binding letter of intent dated August 5, 2025 (the “**Binding LOI**”) with 1390120 B.C. Ltd. (“**Numberco**”) pursuant to which Getty will acquire all of the issued and outstanding shares of Numberco (the “**Acquisition**”). Completion of the Acquisition will result in the reverse takeover of Getty by Numberco pursuant to the policies of the TSX Venture Exchange (the “**TSX-V**”) (with the resulting entity being the “**Resulting Issuer**”).

Tom MacNeill, CEO of Getty, stated: *“In the current positive environment for copper, we have entered into a transaction that positions Getty to be debt-free, financially sound, and equipped with the technical capability to unlock the long-recognized value of our copper deposits in British Columbia’s Highland Valley District.”*

Charles Funk, incoming Chairman of Getty, commented: *“Our consolidated Getty portfolio represents an exciting exploration and development opportunity. I’m looking forward to joining as Chairman and focusing on both expanding the known copper deposits and evaluating the potential for a standalone oxide copper development. Our goal is to deliver on these fronts and position Getty as a compelling copper investment opportunity.”*

Transaction Highlights

Asset Base: The Acquisition will result in the combination of two highly prospective copper projects in the Highland Valley District. The Getty project is located adjacent to Teck’s Highland Valley Copper Mine, one of the world’s largest copper mining and milling operations, while the Numberco Property (as defined below) is 11km to the south of the Getty project.

Experienced management team and board: The proposed new team includes a group of individuals with deep mining industry experience and strong track records of value creation, major discoveries, project execution and M&A transactions.

Strong balance sheet: In connection with the transaction, Getty is anticipating raising \$12 million through the Concurrent Financing (as defined below).

Repayment of debt: The approximately \$4 million of Getty indebtedness will be settled in full following completion of the Concurrent Financing (as defined below).

Board of Directors of the Resulting Issuer

Following completion of the Acquisition, the board of directors of the Resulting Issuer will be reconstituted to consist of Charles Funk (Chairman), Mahesh Liyanage, Tom MacNeill and Brent Lepinski and a fifth director to be agreed to by Getty and Numberco.

Each Subscription Receipt will automatically convert, without any further action by the holder thereof and for no additional consideration, into one Getty Share (on a pre-Consolidation basis) upon closing of the Acquisition.
